Development

About Me

Software Engineering student at Riphah International University with hands-on experience in frontend and mobile application development. Skilled in Flutter, React, Next.js, Tailwind CSS, Redux Toolkit, and MongoDB. Passionate about building scalable, responsive, and user-friendly digital solutions.

Experience

Junior Flutter Developer

Blendz Marketing | Remote, Lahore, Pakistan

Aug 2025 – Apr 2026

Projects Experience

I have gained practical skills through hands-on academic projects and self-driven development work.

AirDash

Cross-Platform File Sharing App

Developed a Flutter app with secure peer-to-peer file sharing and a modern, responsive UI.

SheetSense - AI Excel Agent

Built an AI-powered Excel assistant to automate data analysis and improve spreadsheet productivity using advanced algorithms.
